Agent News

Hello Safeco Agents!

As many of us are transitioning to more virtual work environments, Safeco & Liberty Mutual have been working together to provide additional resources we believe to be beneficial for our agency partners and customers. Please feel free to distribute any of the below information as you see fit.

We appreciate you and wish everyone good health and safety during this challenging time!

Should you need anything, I'm an email, text or phone call away.

To keep you informed on the latest updates and resources, so we've created a:

- **COVID-19 Impacts to Right Track Program** include no minimum mileage requirement. Customers concerned about not driving enough during the 90-day evaluation program don't have to worry and less driving will essentially result in a higher discount. Please be aware they do need to make at least one trip to activate the device.
- **Instant Incentives** – Our annual program continues for agents to receive CASH rewards per policy they write with Safeco!
